MAYOR GREENE WANTS SOME SYSTEM ADOPTED.

Thirty-Year Franchise Asked.

The City's Business Is Slipshod —F. E. C. To Give Daytona Depot, Parratt Says.

* * *

City Council met last night, all present but Schmidt and Osborne. A number of bills, several hundred dollars, were audited and ordered paid as soon as funds were available for same.

Proposition of M. H. Zuber for emptying closet buckets was as follows: Offers to empty one bucket 25 cents, two buckets 30 cents, additional buckets 10 cents each, buckets to be emptied twice per month. Referred to Sanitary committee.

The East Florida Telephone Company, a corporation organized in the State of Michigan (the present telephone company) asked a 30-year franchise, and for concession offer free 'phones to the mayor and marshal!!

Alderman Klock thought the franchise asked was too loose and vague; Alderman Conrad said the present system is very poor and people would be foolish to grant the concession asked, and Mayor Greene said no sane man would grant a franchise as asked, and it was referred to the Ordinance Committee.

If meant as a "feeler" it was a howling success, for the councilmen showed their "feeling" in no unmistakable language.

It was voted to fix the bond of those responsible for the handling of the water so the funds at $50,000.

President Gove appointed Aldermen Smith and Klock to meet with the Palmetto Club Wednesday, March 10, at 3 o'clock, at their "Civic League" session. This meeting is looking toward improvements for the upbuilding, beautifying and improvement of the city.

President Gove reported that he had held a conference with General Manager Parrott, of the F. E. C. Ry., and that this gentlemen had promised that Daytona shall have the first attention when they resume the construction of depots. Mr. Parrott recognized that there is urgent need at Daytona and said but for the demands at the extension it should have immediate attention.

The appointment of a City Physician and a City Attorney was held over till the next meeting.

The assessed valuation of Daytona property last year was approximately $1,200,000. This year it is $1,825,220, a gain of nearly a quarter million dollars.

Assessor Edmondson reported that he had failed to find where the F. E. C. Railway depots and certain grounds were assessed. Unless these are included in the Comptroller's returns these properties are subject not only to taxation but will come in for a chunk of back taxes.

Mayor Greene presented some statements and recommendations which seemed to strike the City Fathers favorably. President Gove smiled and said they were in harmony with his commission plan of government but this the Mayor denied. The Mayor's communications was referred to the Finance Committee for further consideration. Following are some of the more salient features of the paper:

"As the most of you are new members on the Council and we are just entering upon a new year I feel that it is opportune at this time to call your attention to a few facts which confront you and will require your immediate and careful attention.

"I find that the retiring Council has left you to square and provide for an overdraft of $954.17; warrants drawn and unpaid $1,330.88, making an indebtedness of $2,284.85. In addition to this you have ordered warrants drawn for $153, which, with what you will require to keep up the running expenses of the city until taxes are due and collected in April I have estimated will amount to about $1,000. This makes approximately $3,284.85 which you should provide immediately, and I see no other source that you can pursue but to borrow about $3,000 for sixty days.

"This is not an encouraging condition, but it is one which has confronted about every incoming Council for some time, and it should not continue.

"I claim that from a business standpoint no one Council should spend during the year more than the city's income for that year, except as they provide for the future payment of the same."

The Mayor discusses the question of a deficit, and the reasons for same, and suggests relief measures. The Mayor thinks the Council should employ a bookkeeper whose business it should be to keep the city's business tabulated and audited in an systematical and condensed form as to be able to give the Council any information at a minute's notice of the various financial transactions in which the city figures; of bills payable, bills receivable—in fact keep such complete grasp of the situation as to tell them any time just "where they are at," to quote the bouzy Congressman.

The Mayor recited that the city's business is growing very rapidly, and with the issuance of $50,000 water works bonds $20,000 school bond issue, and some $15,000 outstanding bonds—seawall, etc.—all to be looked after, it is very important that close tab be kept. He closes his communication in this language:

"The time has come when the city needs the services, for the greater part of his time, of a good, competent man to fill a position of this kind. I feel confident that if you will adopt this or a similar plan you will be able to conduct the business satisfactorily to the city and with credit to yourselves."

President Gove appointed an Ordinance Committee as follows:

H. Schmidt,
E. T. Conrad,
G. A. Klock.

Council adjourned till tonight to act millage and regulate tax books.

NEW YORK, March 9.—At a conference of attorneys for the defense of Captain Peter Hallees today it was decided not to apply for a lunacy commission, and likewise to oppose setting an early date for the trial. They will ask for a postponement until May. One ground for asking for the postponement will be that material witnesses are officers in the army, now stationed on the Pacific coast. The defense will be "impulsive insanity."

EXHAUSTING THE FLOW WELLS.

It Is Thought They May Eventually Become Entirely Exhausted.

A BLOW TO THE EAST COAST.

* * *

Following interesting information from the United States Geological Survey bulletin:

The zone with which flowing wells can be obtained by drilling in most localities along the East Coast of Florida has raised them to be regarded as sources of inexhaustible supply, and deep drilled wells from which the water is allowed to waste may be seen at many place in this part of the State. The effect of this waste of water on the flow of the wells has recently been studied by geologists of the United States and Florida geological surveys in connection with a general investigation of the ground-water supplies of the State. A comparison of some wells that are shut off when not in use with others that are allowed to flow without regard to waste shows a decline in the head, or volume of water from the unstopped wells after a few years. In localities where wells are far apart the decline may be so slight as to be unnoticeable, but where many wells of nearly the same depth have been drilled in the same town the amount of water now flowing is decidedly less than it was originally. This condition is shown by wells at Jacksonville, St. Augustine, New Smyrna, Daytona, Palatka and elsewhere.

Experience in other artesian areas should serve as a warning to users in the Florida wells. In localities where water flowing out between the casings of hundreds of abandoned gas wells has been allowed to waste for years, many of these wells have ceased to flow. In California and elsewhere farming districts once made fertile by irrigation from flowing wells have now become desolate through their reckless waste.

The exhaustion of the artesian flow of Florida is not, perhaps, probable yet, but it is easy to understand that when the water flowing out of the ground exceeds in amount that supplied from its ultimate source, the flow will gradually diminish, and that every well here which runs to waste is a menace to the continued supply of neighboring wells. Owners are therefore urged to see that wells are capped or otherwise shut off when not in use.

(By United Press.)

FOREST CITY, Ark., March 9.—The last report from Brinkley, Ark., this morning said that eight persons were killed and the town practically left in ruins by a tornado which struck it last night.

Fire followed the storm, and this morning they are threatened with complete destruction.

All Southeastern Arkansas is storm-swept, wires are down, railroads paralyzed.

THE DRAW DOES DRAW.

* * *

The draw of the Smith creek bridge has been completed, and will be ready for use tomorrow. Contractor Gove says there was never any question of the principle involved in the construction of the draw. But the iron used for the track proved too light, and now that it has been replaced by railroad iron there is no doubt the draw will give perfect satisfaction and be a good investment to the public.

TOURIST IS BITTEN BY DOG

* * *

Charles E. Yource, of St. Louis, who has spent the last four winters at The Surf Crest, Daytona Beach, was bitten in the right leg just below the knee by a dog on Monday afternoon.

Mr. Youree, accompanied by a friend, was riding his wheel to this city, coming over to meet friends who were expected to arrive on the Constitution from Palm Beach.

When at a point in front of the Lone Bay Inn, near the beach end of the Central bridge, Mr. Youree's wheel struck several dogs which were having a party in the street and one of the canines turned on him, biting him in the leg and making a quite painful although not a dangerous wound.

Coming on to this side of the river Mr Youree went to the office of Dr. Rawlings, on Volusia avenue, where the wound was cauterized and dressed.

CALVE SANG TO DR. BULL.

* * *

Music or Emma Calve was called to the bedside of a friend, Dr. William T. Bull, a noted surgeon, of New York. The famous prima donna looked long at what she believed to be the dying man and her sympathies were aroused and thinking, in order to cheer him up a little, began to sing softly and slowly a few of the popular songs of the day. The patient at once became an interested listener and shortly requested to be propped up among his pillows.

He had taken on new life, and as Mme Calve watched the effect she suddenly ran off into rag time, and the patient began to applaud her.

By the time she had finished he seemed a changed man. An hour later he began taking nourishment.

First Aeroplane Race In The World.

Will Reel Off 125 Miles Per Hour And Startle Automobilists Everywhere.

* * *

The latest entries for the Daytona races include H. J. Kilpatrick who has reconstructed the great racer formerly owned by banker E. R. Thomas who got into trouble at Long Branch for driving this machine over 100 miles an hour on the Boulevard.

The car is christened the "Kilpatrick Red Devil," is painted a fiery red and it is thought the "Devil" can do 125 miles an hour.

He will go after the Sir Thomas Dewar $2,000 trophy and the cash prizes.

His announcement is that he will make a fight for the Minneapolis $2,000 trophy and cash.

Kilpatrick says he will endeavor to negotiate two miles inside of a minute and he feels sanguine of doing stunts the like of which the world has never before witnessed.

The entry of Lewis Strang was received Saturday. He will drive a specially constructed Buick racer, similar to the one which cleaned up the field at New Orleans.

Barnum is already in Florida and will be joined by Strang this week, and so the fun has already begun in a way.

These early comers will be joined now day by day, and the beach is expected speedily to be transformed into a scene of speeding whirls.

Wires for additional entry blanks are pouring in on Promoter Morgan, and every day from now till the big event is declared on is expected to witness the arrival of new machines and greater interest in the the racing carnival.

The great aeroplane races are attracting attention far and wide. It will be the first aeroplane race ever seen in the world. E. Laure Jones, editor of Aeronautics, believes that the beach with its wide margins will be just the place to try out flying machines. A wide, hard surface for starting and a steady breeze helps to "take wing," as he is enthusiastic and is helping to advertise this feature of the carnival.

Glenn H. Curtiss, leading American aeroplane man next to Wright Brothers, called at the office of the Florida beach tournament representative and said he would be on hand with one of his machines.

O. Carl Bates, of Chicago, a 20-year-old boy expected to be a formidable rival of the Wrights will start for Daytona in a few days with his aeroplane built entirely by himself. His machine is strikingly like those of the Wrights except in that it has no rudder. The boy will make his headquarters on the beach and build himself a little flying machine house in which to store his machine.

Roy Harroun and Horace B. Wild, also of Chicago, will bring aeroplanes also by for the prizes. A Mr. Beach, son of the editor of the Scientific American, is rushing the work on an aeroplane hoping to have it ready for the Daytona carnival.

It will be a sight worth seeing, all these crews in competition with the seagulls, herons and cranes in the heavens above and the great beach-skimming monsters on the beach below.

SAILORS OF BATTLESHIP FLEET VISITING THE SPHINX.

The sailors of the American battleship fleet on their remarkable cruise around the world saw many wonderful sights, and many are the stories of travel in strange lands that these gallant boys will have to tell when they reach their own firesides. This picture shows a few hundred of them viewing that grand old relic of antiquity, the sphinx. The boys played ball, ran foot races and had a jolly time generally around the grim old monument to early civilization.

CALVE SANG TO DR. BULL.

Madame Emma Calve was called to the bedside of a friend, Dr. William T. Bull, a noted surgeon, of New York. The famous prima donna looked long at what she believed to be the dying man and her sympathies were aroused and thinking, in order to cheer him up a little, began to sing softly and slowly a few of the popular songs of the day. The patient at once became an interested listener and shortly requested to be propped up among his pillows.

He had taken on new life, and as Mme Calve watched the effect she suddenly ran off into rag time, and the patient began to applaud her.

By the time she had finished he seemed a changed man. An hour later he began taking nourishment.

MEDICINE HAT'S LAST BLAST.

Medicine Hat has dispatched its last installment of frigid atmosphere for the present season and according to a dispatch sent out at 10:40 a. m. the elements are doing a plenty for those citizens credited with a desire always to be "shown."

But observe the warning for yourself: "Hoist Southeast storm warning, 10:40 a. m. Storm over Eastern Missouri; will move Eastward. High South to East winds; will shift Wednesday to westerly"

As I am compelled to build my new hotel elsewhere, I offer my property located in Seabreeze, Fla., at bargain prices. See Conrad Real Estate Agency. E. L. Potter. 82-tf.

First Aeroplane Race In The World.

Will Reel Off 125 Miles Per Hour And Startle Automobilists Everywhere.

The latest entries for the Daytona races include H. J. Kilpatrick who has reconstructed the great racer formerly owned by banker E R. Thomas who got into trouble at Long Branch for driving this machine over 100 miles an hour on the Boulevard.

The car is christened the "Kilpatrick Red Devil," is painted a fiery red and it is thought the "Devil" can do 125 miles an hour.

He will go after the Sir Thomas Dewar $2,000 trophy and the cash prizes.

He announces also that he will make a fight for the Minneapolis $2,000 trophy and cash.

Kilpatrick says he will endeavor to negotiate two miles inside of a minute and he feels sanguine of doing stunts the like of which the world has never before witnessed.

The entry of Lewis Strang was received Saturday. He will drive a specially constructed Buick racer, similar to the one which cleaned up the field at New Orleans.

Burman is already in Florida and will be joined by Strang this week, and so the fun has already begun in a way.

These early comers will be joined now day by day, and the beach is expected speedily to be transformed into a scene of speeding activity.

Wires for additional entry blanks are pouring in on Promoter Morgan, and every day from now till the big event is declared on is expected to witness the arrival of new machines and greater interest in the racing carnival.

The great æroplane races are attracting attention far and wide. It will be the first æroplane race ever seen in the world. E. Laure Jones, editor of Aeronautics, believes that the beach with its wide margins will be just the place to try out flying machines. A wide, hard surface for starting and a steady breeze helps to "take wing," so he is enthusiastic and is helping to advertise this feature of the carnival.

Glenn H. Curtiss, leading American æroplane man next to Wright Brothers, called at the office of the Florida beach tournament representative and said he would be on hand with one of his machines.

Carl Bates, of Chicago, a 20-year-old boy expected to be a formidable rival of the Wrights will start for Daytona in a few days with his æroplane built entirely by himself. His machine is strikingly like those of the Wrights except in the rudder. This boy will make his headquarters on the beach and build himself a little flying machine house in which to store his machine.

Roy Harroun and Horace B. Wild, also of Chicago, will bring æroplanes and try for the prizes. A Mr. Beach, son of the editor of the Scientific American, is rushing the work on an æroplane helping to have it ready for the Daytona carnival.

It will be a sight worth seeing, all these flyers in competition with the seagulls, herons and cranes in the heavens above and the great beach-skimming monsters on the beach below.

SAILORS OF BATTLESHIP FLEET VISITING THE SPHINX.

The sailors of the American battleship fleet on their remarkable cruise around the world saw many wonderful sights, and many are the stories of travel in strange lands that these gallant boys will have to tell when they reach their own firesides. This picture shows a few hundred of them viewing that grand old relic of antiquity, the sphinx. The boys played ball, ran foot races and had a jolly time generally around the grim old monument to early civilization.

SEABREEZE, March 8.—Mrs. H. C. Buckland, Miss Mattie Tarrington, Miss Ruby Kingston and Mr. Bayne went down to New Smyrna on the train Saturday afternoon to attend revival services being conducted by Rev. J. B. Harris at that place and returned yesterday afternoon. Mrs. Buckland and Miss Tarrington were guests at the pleasant home of Mrs. Riley during their stay.

The Jones cottage, which has been considerably enlarged and much improved, has just received a fresh coat of green paint for a finishing touch and now looks rich as one of the attractive cottages on Valley street.

Rev. Haugh and wife, R. S. Holmes and wife, De Messenger and wife, Mrs. Paulin and Miss Kelly chartered the Mermaid for a day and spent yesterday at the Ellenstrom orange grove.

Mr. and Mrs. H. B. Holmes and Mrs. Olds and daughter, Mrs. Sheets, and Mr. and Mrs. A. Ayres motor today on a trip to St. Augustine on the Mermaid.

Mr. R. S. Holmes gave a very interesting talk at the Epworth League last Sunday morning at the M. E. church, Daytona Beach, on the condition in China before and since it has been open to missionaries. Two years ago Mr. Holmes was in China on mission work and is interested in the work, and he and a friend, South Yeargo of Lansing, Michigan, brought back with them a number of Canarese. Mr. Wing and wife are a burning light at the Ann Arbor Methodist University as a Y. M. C. A. missionary.

A. I. Miller has leased the Clark with to go on the first boat, purchased by A. Ainsworth this season, to F. H. Swift for the summer.

By invitation of Mr. Thayer, the author Mrs. Sanders and Miss Alverson, had a pleasant day at Ormond yesterday. They dined at The Ormond and visited all the places of attraction within reasonable distance of the Ormond.

Miss Brown, who returned last week from a visit to Rockledge, leaves this week for her home in New York. Miss Brown came down with relatives, Mr. and Mrs. Roy Wellman, who have been occupying their time at Pleasantview cottage.

Miss Mary Leahy and brother, John Leahy, of Ashtabula, Ohio, who have been guests of Mrs. Parker at the Eastern cottage, left Saturday for Tampa, from which point they sail for New York on their journey homeward.

Doings at Daytona Beach

DAYTONA BEACH, March 9.—Walter R. Denison, of New London, Conn., entertained the guests of the Seaside Inn and the Hotel Ormond last night with an oyster roast. It was held on the beach in front of the hotel. A large crowd was present, and everybody was served to the delicious bivalves. After the feast, the Virginia Reel was danced in the light of the bright moon, and Mr. Denison received the thanks and congratulations of his friends on the success of the occasion. For several months Mr. Denison has entertained the stag at the Inn in some such manner, and these occasions have come to be looked forward to as a pleasant annual event. Next year, however, there will be a change in the movements of oyster bakes, if Mr. Denison's present plan of having a trip around the world is carried out.

While their elders were roasting oysters on the shore, their father down the beach the younger set were having a beautiful time at a marshmallow roast, given by Miss Lulu Fedrick at her cottage, Sidmon. Games were played and a rollicking good time enjoyed.

The names of the different streets have been posted at the intersection of Seabreeze avenue and Peninsula drive. It is a custom here to have every street intersection named each year, this is certainly a most commendable and a good custom for Seabreeze to follow.

Miss Anne B. Mason, of Northumberland, N. Y., a guest at The Seaside, is a talented pianist, and her gift adds much to the pleasure of everybody at the Inn.

Mrs. H. E. Dickerson, Tracy, Minn., and Mrs. C. O. Case and family, Chicago, are among yesterday's arrivals at The Seaside Inn.

Mrs. Young was charming hostess to a party of friends at J. M. Field's pleasant home cottage yesterday afternoon, from three until five. Elaborate refreshments were served, and all was a delightful meeting with Mrs. Sibert as instructress in fancy stitch work. Some dainty and beautiful stitch bags and baskets were the handiwork.

Mr. Davis, a regular winter tourist, and prominent Sunday School and church worker, left yesterday for Atlanta, his home town. Mr. Davis spent a few days at Hotel Ormond.

Mr. and Mrs. Warner of Concord, N. H., are guests at Surf Crest.

Pear Shaped Balloons.

Pear shaped balloons are the fashion in Belgium. The point is upward; the base of the balloon is spherical. It is claimed that balloons of this shape follow the air vertically with far greater speed than the ordinary spherical balloon. Consequently they are steadier.

But Not to Pay Back.

Brooks—I see Hodge has bought an automobile. I didn't think he had sufficient nerve to do that. Wilkes—Oh, he has all sorts of means of borrowing money and just as many means of repaying it.—Judge's Library.

Quite a number of Daytona people went to New Smyrna Saturday to attend the revival meetings now being conducted there by Rev. J. B. Harris. Some of them returned Saturday and others remained until Monday afternoon. They report a very fair attendance and say that Mr. Harris had been pledged enough funds to warrant the commencement of work upon a parsonage.

**I will exchange 6000 shares of stock in a producing oil company in California for a Daytona home.

SEABREEZE, March 9.—Mrs. H. C. Buckland, Miss Mattie Yelvington, Miss Ruby Kingston and Mr. Bynes went down to New Smyrna on the train Saturday afternoon to attend revival services being conducted by Rev. J. B. Harris at that place and returned yesterday afternoon. Mrs. Buckland and Miss Yelvington were guests at the pleasant home of Mrs. Riley during their stay.

The Jones cottage, which has been considerably enlarged and much improved, has just received a fresh coat of green paint for a finishing touch and now takes rank as one of the attractive cottages on Valley street.

Rev. Haigh and wife, R. S. Holmes and wife, Dr. Messenger and wife, Mrs. Paulie and Miss Kelly chartered the Mermaid for a day and spent yesterday at the Zimmerman orange grove.

Mr. and Mrs. R. S. Holmes and Mrs. Olds and daughter, Mrs. Sheets, and Mr. and Mrs. A. Ayres leave today on a trip to St. Augustine on the Mermaid.

Mr. R. S. Holmes gave a very interesting talk at the Sunday school hour Sunday morning at the M. E. church, Daytona Beach, on the condition in China before and since it has been open to missionaries. Two years ago Mr. Holmes was in China and became greatly interested in the work, and he and a friend, Smith Youngs of Lansing, Michigan, brought back with them a converted Chinaman, Mr. Wing, and are now educating him at the Ann Arbor, Mich., University as a Y. M. C. A. missionary.

A. I. Miller has leased the Clark cottage on the river front, purchased by A. Ainsworth this season, to F. R. Swift for the summer.

By invitation of Mr. Thayer, his mother, Mrs. Rankin and Miss Alderson, had a pleasant day at Ormond yesterday. They dined at The Ormond and visited all the places of attraction within reasonable distince of the little city.

Miss Brown, who returned last week from a visit to Rockledge, leaves this week for her home in New York. Miss Brown came down with relatives, Mr. and Mrs. Roy Wellman, who have been spending their time at Pleasantview cottage.

Miss Mary Leahy and brother, John Leahy, of Ashtabula, Ohio, who have been guests of Mrs. Parker at the Eustis cottage, left Saturday for Tampa, from which point they sail for New York on their journey homeward.

Doings at Daytona Beach

DAYTONA BEACH, March 9—Walter R. Denison, of New London, Conn. entertained the guests of the Seaside Inn and other friends Saturday evening with an oyster roast. It was held on the beach in front of the hotel. A large crowd was present, and everybody was served to the delicious bivalves. After the feast, the Virginia reel was danced in the light of the bright moon, and Mr. Denison received the thanks and congratulations of his friends on the success of the occasion. For several seasons Mr. Denison has celebrated his stay at the Inn in some such manner, until these occasions have come to be looked forward to as a pleasant annual event. Next year, however, there will be a break in the procession of oyster bakes, if Mr. Denison's present plan of taking a trip around the world is carried out.

While their elders were making gay at the oyster bake farther down the beach the younger set were having a beautiful time at a marshmellow roast, given by Miss Lila Reid and Miss Margaret Johnson. Games were played and a rollicking good time enjoyed.

The names of the different streets have been posted at the intersection of Seabreeze avenue and Peninsula drive. In a tourist town where many strangers congregate each year, this is certainly more than ordinarily advisable, and is a good example for Seabreeze to follow.

Miss Anne B. Mason, of Nicholasville, Ky., a guest at The Seaside, is a brilliant pianist, and her gift adds much to the pleasure of everybody at the Inn.

Mrs. H. E. Dickenson, Tracy, Minn., and Mrs. C. G. Case and family, Chicago, are among yesterday's arrivals at The Seaside Inn.

Mrs. Young was charming hostess to a party of friends at J. M. Field's pleasant little cottage yesterday afternoon. Mesdames Fowler, Sibert and Dunlap were present, and it was a busy bee meeting, with Mrs. Sibert as instructress in fancy shell work. Some dainty and beautiful shell bags and baskets were being contrived.

Mr. Davis, a regular winter tourist, and prominent Sunday School and church worker, left yesterday for Atlanta, his home town. Mr. Davis spent the winter at Pinehurst.

Mr and Mrs. Warner of Connecticut are guests at Surf Crest.

Pear Shaped Balloons.

Pear shaped balloons are the fashion in Belgium. The point is upward; the base of the balloon is spherical. It is claimed that balloons of this shape pierce the air vertically with far greater speed than the ordinary spherical balloon. Consequently they are steadier.

But Not to Pay Back.

Dinks—I see Rouge has bought an automobile. I didn't think he had sufficient means to do that. Winks—Oh, he has all sorts of means of borrowing money and just as many means of spending it.—Judge's Library.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their hoofs as they sped upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls frolicked by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Peerless Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to them with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load to be snatched from the water.

See the beautiful launches, sloop and spat, their lampers and lockers bulging with refreshments both solid and liquid—ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent view, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with silken draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and oftentimes breach from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park

And as for pavements, pavements that look and act like granolithic—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eye callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in bounded pupils and pricked ears.

For every visitor with a spare "quarter" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard rows of variegated hues predominate, another has a pendant for the poinsettia and the premises are ablaze; another is hidden in a jungle of tall cane.

The birds fill in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are acres of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the Richmond Sewing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

They Sat Down.

One night at a theater some twenty took fire, and a very perceptible odor of burning alarmed the spectators. A panic seemed to be imminent when an actor appeared on the stage.

"Ladies and gentlemen," he said, "compose yourselves. There is no danger."

The audience did not seem reassured.

"Ladies and gentlemen," continued the speaker, rising to the necessity of the occasion—"confound it all—do you think if there was any danger I'd be here?"

The panic collapsed.

England's Mother Church.

The oldest frequented church in England is probably St. Martin's, at Canterbury, and you may call it the mother church of England. Walk up from the precincts of the city and you will pass the font which gave baptism to King Ethelbert 1,250 years ago. The font still stands, the worshipers still mount the steps, and one considers whether it was Augustine or Bertha who dragged the king and husband to that font.—London Chronicle.

The Price He Had to Pay For Expert Surgical Treatment.

The famous surgeon Velpeau was called one day at his house during the consultation hour by a maquis renowned for his eloquence. Velpeau abhorred the marquis that an operation was urgent and that the fee would amount to 4,000 francs. At this the marquis made a wry face and left. A fortnight later Dr. Velpeau, while making his rounds in the Hospital de la Charite, had his attention attracted by a face that seemed familiar to him. In answer to his inquiry it was learned that the patient was a footman of a nobleman in the Faubourg St. Germain. The surgeon found that his case presented in every particular the somewhat unusual one for which the marquis had consulted him a fortnight previously. He refunded, however, from fear of being summoned. Three weeks after the operation, when the patient was about to be discharged, Dr. Velpeau called him aside and exclaimed: "Monsieur, I am extremely distressed and pained to have been able to cure you. There is, however, a small formality with which you will have to comply before I can sign your exeat—that is, you will have to sign a check for 10,000 francs in behalf of the public charity bureau of your municipal district." The patient's face became livid. "You can do what you like about it," continued the doctor. "But if you refuse all Paris will know tomorrow that the Marquis de B. adopted the disguise of a footman in order to secure free treatment at this hospital and to usurp the place which belongs by right to a pauper." Of course the marquis paid.—Argonaut.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variagated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

They Sat Down.

One night at a theater some scenery took fire, and a very perceptible odor of burning alarmed the spectators. A panic seemed to be imminent when an actor appeared on the stage.

"Ladies and gentlemen," he said, "compose yourselves. There is no danger."

The audience did not seem reassured.

"Ladies and gentlemen," continued the comedian, rising to the necessity of the occasion—"confound it all—do you think if there was any danger I'd be here?"

The panic collapsed.

England's Mother Church.

The oldest frequented church in England is probably St. Martin's, at Canterbury, and you may call it the mother church of England. Walk up from the outskirts of the city and you will pass the font which gave baptism to King Ethelbert 1,300 years ago. The font still stands, the worshipers still mount the slope, and one considers whether it was Augustine or Bertha who dragged the king and husband to that font.—London Chronicle.

The Price He Had to Pay For Expert Surgical Treatment.

The famous surgeon Velpeau was visited one day at his house during the consultation hour by a marquis renowned for his closeness. Velpeau informed the marquis that an operation was urgent and that the fee would amount to 4,000 francs. At this the marquis made a wry face and left. A fortnight later Dr. Velpeau, while making his rounds in the Hopital de la Charite, had his attention attracted by a face that seemed familiar to him. In answer to his inquiry it was stated that the patient was a footman of a nobleman in the Faubourg St. Germain. The surgeon found that his case resembled in every particular the somewhat unusual one for which the marquis had consulted him a fortnight previously. He refrained, however, from making any comments. Three weeks after the operation, when the patient was about to be discharged, Dr. Velpeau called him aside and exclaimed: "Monsieur, I am extremely flattered and pleased to have been able to cure you. There is, however, a small formality with which you will have to comply before I can sign your exeat—that is, you will have to sign a check for 10,000 francs in behalf of the public charity bureau of your metropolitan district." The patient's face became livid. "You can do what you like about it," continued the doctor, "but if you refuse all Paris will know tomorrow that the Marquis de D. adopted the disguise of a footman in order to secure free treatment at this hospital and to usurp the place which belongs by right to a pauper." Of course the marquis paid.—Argonaut.

The Douma Smells War.

By Telegraph to the Daily Times-Union.

St. Petersburg, March 9.—Russia is arming for "a possible European clash. The Douma today voted $5,000,000 to put the Baltic fleet in shape for action, and $25,000,000 to restore army and munitions of war deported since the Japanese conflict.

Insomnia and Alarm Clocks.

The patient complained of insomnia. "You must get an alarm clock at once," said the physician.

The patient stirred.

"I mean it. What time do you wake naturally in the night?"

"Two o'clock lately."

"Set the alarm for fifteen minutes before 2. Go even as it strikes, get up, dress for the day and take a walk of not less than two miles. Do not go to bed again that day under any circumstances, not take a nap, even sitting in your chair."

"The next night set the alarm at a quarter past 2. You will sleep until it wakens you. Get up as before and take another two mile walk.

"The third night you can venture to set your alarm at 3. Repeat the walk. If you are not cured by that time, you will be a more difficult case than any I have had heretofore, but if the habit of lying awake is not broken begin back at 2 o'clock again and repeat."—New York Press.

Wonderful.

Two sailors noticed that a shark was following their ship. Not knowing how to get rid of it, they threw a chair overboard.

The shark swallowed this, but still followed.

The sailors then threw a box of oranges overboard to it.

The shark swallowed this and still followed.

The men seemed completely beaten for a moment. What to do until one of them said that those on board should draw lots for who had to satisfy the shark.

It fell to an old woman. So the sailors tossed her overboard, and the shark ate her at one bite.

This did not content the fish, which still followed. So the sailors harpooned it and dragged it on board.

On opening it they found to their surprise the old woman sitting on the chair selling oranges "three a penny."—Pearson's Weekly.

Wanted the Other One.

A handsome and neatly dressed young woman was walking down the street the other day, followed by her favorite dachshund pup. It was muddy day, and the pavement being somewhat crowded caused the dog to get some distance behind its mistress. Fearing it would lose sight of her, she called, "Come along, sir!"

A would be wit who was near stopped up to herself with great politeness said, "Certainly, miss."

"Ah," she exclaimed as her pet came running up, "you have made a mistake! This is the puppy I called."—London Tit-Bits.

"Little Rhody"

The Sanitary Barber Shop.

This is the only really Sanitary Barber Shop in the city of Daytona. Everything used in this barber shop is thoroughly sterilized after each and every customer.

We charge a little more than other shops, but nobody patronizing the "Little Rhody" will ever contract a skin disease of any kind

We will appreciate the patronage of the public. EVERYBODY USED WITH GREAT CARE.

LOCAL ITEMS.

I. M. Cox, soliciting agent for the Southern Express Company, was in the city from yesterday until this morning.

A spring festival and bazaar will be held in Social hall of the Congregational church, next Tuesday, March 16, during the afternoon and evening.

*LOST—Valuable diamond stud. Reward of $25 will be given finder by returning to Dr. Schneider, 302 North Ridgewood. tf

Mr. and Mrs. W. D. Johnson, who have been for several weeks with Mr. and Mrs. Karrick, on North Beach street, left this morning for their home in the Buckeye State.

Mrs. F. M. Inman and children, who have been for several weeks with Mr. and Mrs. Leon Despland, on Magnolia avenue, departed yesterday afternoon for their home, at Atlanta, Ga.

The "Constitution" arrived from the south last night on schedule time, with a passenger list of between sixty and seventy, and departed again this morning with a pretty fair number aboard.

For Sale or Rent.

A beautifully situated home on the high bluff of the Indian River, at South Titusville. House has ten rooms and modern improvements. Is surrounded with screened porch; 300 feet water front; dock and boat house; launch and row-boat can go in bargain, or sold separately. Along the shore is a park of palms and banana trees. On the grounds are about 36 bearing orange trees, besides limes, lemons and tangerines, etc. Extensive grounds that go in the bargain, can be sold in building lots.

Would be well for a Sanitarium.

For further particulars, Mrs. C. Nelson, Box 105 Titusville, Fla. 2td2w

Messrs. Nesbaum, G. Y. Fowler, and other winter visitors are on a fishing trip to the inlet today.

**LOST—Eastman Kodak. Finder please return 221 Orange ave. 84-3

W. E. Blodgett and party went on a shark fishing trip on Monday in the Blodgett yacht, the "Swastika." The party went a considerable distance outside.

**FOR SALE—Winter home furnished, near The Colonades, Seabreeze; coquina cottage, river front lot, orange and grape fruit. 84-3t
S. C. McLanahan, Seabreeze.

Mrs. George Peer, who has been visiting Mrs. Nellie Simonds on Orange avenue for the past week, left this morning for her home at Satsuma Heights.

Forty-four alligators were seen from the deck of the "Cherokee" on the Tomoka run Monday. The hot weather will bring them out in large numbers from now on.

Word recently received here conveys the intelligence that a daughter was born to Mr. and Mrs. J. M. Dickinson, Narcoossee, Fla., March 3d. Mother and child are doing well. Mr and Mrs. Dickinson have many friends in this city and vicinity who will be interested in hearing of their good fortune.

Mr. Cornwall of New York state, a guest at the Bennett house, presided at the organ at the Congregational church last Sunday in the absence of the regular organist, Miss Ella Willaume of North Beach street, who is confined to her home by illness.

**Wanted — Position as nurse, governess or companion. Lady teacher of voice, piano, German. 6t

E. L. Shear, proprietor of the Daytona Steam Laundry, last week purchased of E. T. Conrad the residence on Ivy Lane, erected by Mr. Conrad a little over a year ago. It is Mr. Shear's intention to occupy the house with his family.

Joseph H. Rose and family, who have been visiting with Mr. Rose's brother, E. D. W. Rose, who owns a handsome winter home, corner of Magnolia and Palmetto avenues, departed this morning for St. Augustine, en route to their home at Newburg, N. Y.

A traveling man from Jacksonville was having lots of fun yesterday about the city, and particularly with the crowd at the railroad depot in the afternoon, with a fake kitten in his coat pocket. It was a very clever imitation of a kitten's cry of distress and many people, especially the women and girls, were neatly fooled by the joke.

THE DOUMA SMELLS WAR.

By United Press.

ST PETERSBURG, March 9.—Russia is arming for a possible European clash. The Douma today voted $5,000,000 to put the Balkan fleet in shape for action, and $20 000 000 to restore arms and munitions of war depleted since the Japanese conflict.

Insomnia and Alarm Clocks.

The patient complained of insomnia.

"You must get an alarm clock at once," said the physician.

The patient stirred.

"I mean it. What time do you waken usually in the night?"

"Two o'clock lately."

"Set the alarm for fifteen minutes before 2. As soon as it strikes, get up, dress for the day and take a walk of not less than two miles. Do not go to bed again that day under any circumstances, not take a nap, even sitting in your chair.

"The next night set the alarm at a quarter past 2. You will sleep until it wakens you. Get up as before and take another two mile walk.

"The third night you can venture to set your alarm at 3. Repeat the walk. If you are not cured by that time, you will be a more difficult case than any I have had heretofore, but if the habit of lying awake is not broken begin back at 2 o'clock again and repeat."—New York Press.

Wonderful.

Two sailors noticed that a shark was following their ship. Not knowing how to get rid of it, they threw a chair overboard.

The shark swallowed this, but still followed.

The sailors then threw a box of oranges overboard to it.

The shark swallowed this and still followed.

The men seemed completely beaten for a moment what to do until one of them said that those on board should draw lots for who had to satisfy the shark.

It fell to an old woman. So the sailors tossed her overboard, and the shark ate her at one bite.

This did not content the fish, which still followed. So the sailors harpooned it and dragged it on board.

On opening it they found to their surprise the old woman sitting on the chair selling oranges "three a penny."—Pearson's Weekly.

Wanted the Other One.

A handsome and neatly dressed young woman was walking down the street the other day, followed by her favorite dachshund pup. It was market day, and the pavement being somewhat crowded caused the dog to get some distance behind its mistress. Fearing it would lose sight of her, she called, "Come along, sir!"

A would be wit who was near stepped up to her and with great politeness said, "Certainly, miss."

"Ah," she exclaimed as her pet came running up, "you have made a mistake! This is the puppy I called."—London Tit-Bits.
